OVIDIAN - 1964

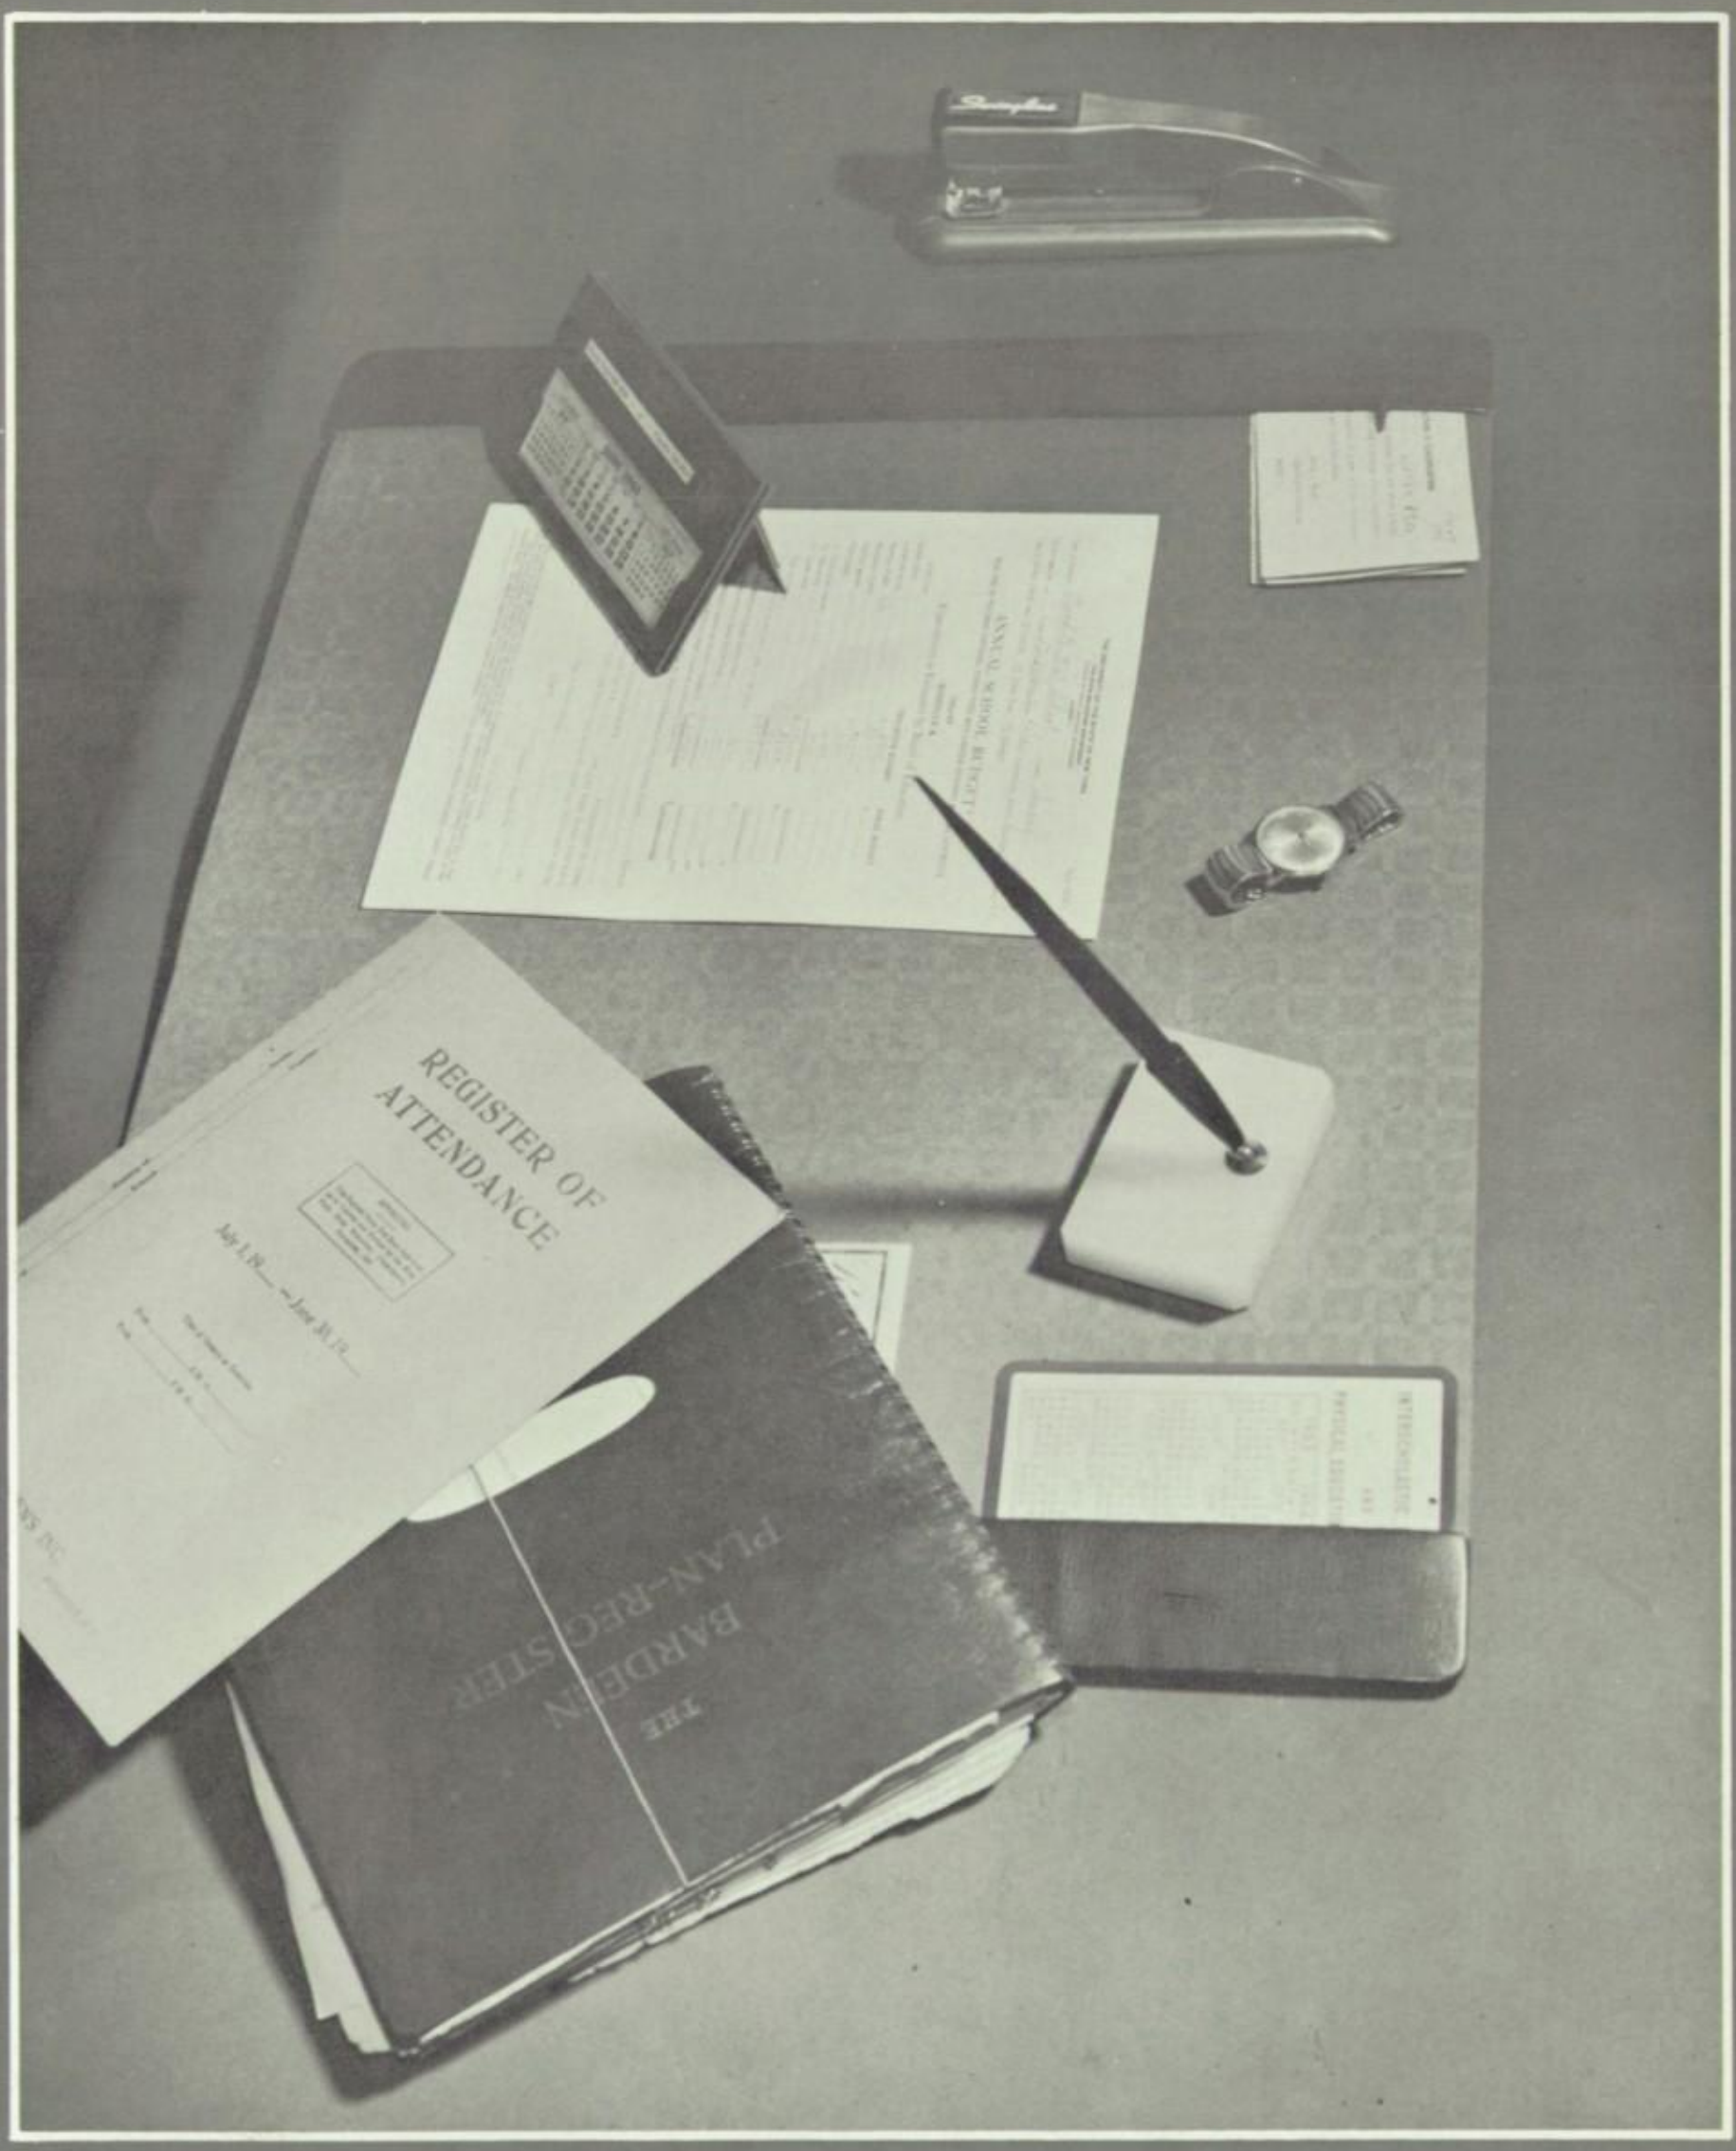
OVID CENTRAL SCHOOL

OVID, NEW YORK

FOREWORD

The theme of the 1964 Ovidian is books. Books are a source of the knowledge we acquire to live useful lives in today's fast-paced world. They give us the opportunity to look ahead to the possibilities of the future and to reflect the past as does the Ovidian reflect the faces and events of 1964 at Ovid Central School.

ADMINISTRATION



"Good Books are the most precious of blessings."

Parents support P.T.A.

DEDICATION

Our parents have guided us through our short years at Ovid Central. They have helped us to set up our own ideals and to stand firm in our convictions. They have praised us when we were doing well and encouraged us to do better when we needed improvement.

To these people whom we owe so much we, the staff of the 1964 Ovidian, for the student body of Ovid Central School dedicate this yearbook.

We honor our parents.

Our parents provide entertainment.

Our parents take an interest in our school.

It is also the purpose of the Student Council to further and promote the general welfare and academic atmosphere of the school community.

JUNIOR STUDENT COUNCIL

The Junior Student Council performs an important function in letting the 7th, 8th, and 9th grades have a part in the functioning of their high school, and in giving opportunity for qualified individuals to develop and exercise leadership talent. It operates in direct contact with the student body, tending to create democratic attitudes and sense of unity between student and administration.

The Yearbook Club's sole purpose is to compile the material for the Ovidian. The staff is elected and each member of the club is on a committee. These committees are then responsible for various aspects of the book.

In the spring a rough draft of each page is made, the advertising campaign is started, and the club decides on the theme, cover design, and divider pages.

In the fall senior individual and group pictures are taken. These pictures must then be cut to size and pasted on company-furnished sheets. The typing and the art work are then put on the final sheet. The campaign to sell the yearbook is conducted during this time also. The final pages are sent to the publisher around Christmas and the book is distributed in the spring.
